2001 CPT AND HCPCS UPDATES

Missouri Medicaid will convert to the 2001 version of the Physicians' Current Procedural Terminology (CPT) on June 1, 2001. Claims for dates of services on or after June 1, 2001, must contain only those Health Care Financing Administration (HCFA) Common Procedure Coding System (HCPCS) procedure codes found in the 2001 CPT book or the 2001 list of Level II procedure codes. Claims for dates of service prior to June 1, 2001 must contain only those Health Care Financing Administration (HCFA) Common Procedure Coding System (HCPCS) procedure codes found in the 2000 CPT book or the 2000 list of Level II procedure codes.

Changes that occurred as a result of the 2001 CPT updating were code deletions, terminology changes, and the addition of new codes. Missouri Medicaid additions, deletions and replacement codes are listed in this bulletin. (See Attachment A) Due to the number of procedure codes involved, we are unable to include the procedure code descriptions and terminology changes. This information can be found in the 2001 CPT book. Providers should obtain and refer to this publication to assure proper coding.
